February 28, 2023

CONTRACT NO. 1773A

SHERADEN PARK ECOSYSTEM MAINTENANCE

ADDENDUM NO. 2

**A. Contract Documents**

1. *Article 3, p. 3-60, Section 3.76 Minimum Wage Rates, the second sentence regarding the Pennsylvania Prevailing Wage Act is not applicable.*
2. *Article 4, p. 4-3, Section 5, List Item 14 Prevailing Minimum Wage Determination, is not applicable.*

**B. Contract Specifications**

1. *(No Items)*

**D. Contract Appendices**

1. *(No Items)*

**E. Questions**

1. **Question:** *Can ALCOSAN provide additional or more updated prevailing wage information?*

*Answer: Due to this being maintenance work, prevailing wage is not required for this Contract.*

2. **Question:** *Being that areas 1-9 also require control of Canary Grass, is a blanket application of glyphosate over the defined areas and reseeding these areas an acceptable method of control?*

*Answer: Depending on the density of the invasive species in relation to the density of the native growth, this method may or may not qualify as an approved equal method since the intent is to preserve the native growth as much as possible.*

3. **Question:** *For areas 2 and 5, which are asking for control of Knotweed. Does area 2 and 5 end at the base of the steep slope, or does it continue up the steep slope to the tree line?*

February 28, 2023

CONTRACT NO. 1773A

SHERADEN PARK ECOSYSTEM MAINTENANCE

ADDENDUM NO. 2

**Answer:** *Treatment will be required up to the property boundary. Areas outside of the property boundary and/or outside the areas defined on the map in Appendix A are not required to be treated in this contract.*

4. **Question:** *Will areas 1-9 be staked by ALCOSAN? If so, will all boundaries/corners of these areas be marked?*

**Answer:** *The Owner will provide GIS data for marking the areas defined in the map in Appendix A. Marking of these areas shall be performed by the Contractor and shall be incidental to the Lump Sum items for treatment of the invasive species in these areas.*

5. **Question:** *Is it possible that an alternative method would be approved for handling Japanese Knotweed cuttings that does not require removal from the site?*

**Answer:** *Yes, if the Contractor presents an alternative along with adequate documentation to indicate it is equal to the methods defined in the specifications, that method can be approved.*

**F. Pre-Bid Meeting**
