**QUESTIONS AND ANSWERS**

The following Questions have been submitted under this procurement.

1. Has a study been done to confirm the roof can handle the load of the solar panels?
  - a. Assume that there have not been any studies done.
2. What is the age of the existing roof?
  - a. The building is about 10-12 years old.
3. What is the roof material, and do you anticipate it needing to be replaced soon?
  - a. The material is EPDM, and we don't expect it to be replaced soon.
4. Have you previously done any energy modeling for the building or an ASHRAE Audit to determine how to reduce demand or energy?
  - a. We are not aware of any modeling like this that has been done.
5. Is there any grant money you are pursuing?
  - a. Not at this time.
